Clinical Hours: 40

Clock Hours: 165

Completion: 6 weeks

Program Description

This program will prepare the student to become an effective care giver under the direction of an RN or MD in various health care settings, including the home. The student will be well prepared to take the Certified Nursing Assistant exam and become certified with the Nurse Aide Registry with the Florida Board of Nursing. This program provides theoretical and clinical experiences necessary for the student to acquire the entry-level competencies required of a home health aide and Nursing Assistant. Learning experiences, related to specific performance objectives, include formal classroom lectures, discussion, written and oral reports, simulated laboratory periods. It provides the student with job related competencies, employability skills and knowledge of the function, interrelatedness and needs of human body systems. Patient care activities of daily living, health and hygiene are provided for all ages in the health span, with an emphasis on gerontology.
